To

The Firms dealing in Pumping Sets.

Enquiry No. 1405.

CRUDE OIL ENGINES AND CENTRIFUGAL PUMP AND DEEP WELL PUMPS REQUIRED FOR CHITALDRUG WATER WORKS.

GENTLEMEN,

Please intimate your best price and the earliest time of delivery for Engines and Pumps, as per specifications enclosed.

Detailed specification of the equipment together with descriptive pamphlets should accompany the tender.

The prices quoted should be for delivery f. o. r., Chitaldrug Railway Station, Mysore Railways.

This enquiry will close on the 10th July 1935.

SPECIFICATIONS.

(1) *Deep Well Pumps.*

Two self oiling Deep Well Pumps each capable of lifting 1,500 gallons per hour from a well 140′ deep and delivering it against a head of 20′ including the cylinder and pump head with necessary fast and loose pulleys for belt drive.

Bore-well No.	*Bore-well No. 2.*
Maximum head of water in dry season—120′ below ground.	Maximum head of water in dry season—120′ below ground.
Diameter of bore-well 6″	Diameter of bore-well 6″

(2) *Centrifugal Pump.*

Capable of discharging 50 gallons a minute against a head of 170′ with fast and loose pulleys and belt striking gear for belt drive.

The pump should preferably be with horizontal split casing and shall have ball bearings. Sleeves should be provided for at the glands which in turn may also be split. It should deliver 3,000 gallons an hour against a head of 170′ from all causes. The pump should have phosphor bronze impellers and renewable sleeves and neck rings of the same metal.

A common C. I. bed plate to take in with the pump and fast and loose pulleys should be included. The following materials should also be supplied in addition :—

(1) One foot valve suitable for the pump,
(2) One delivery G. M. sluice valve,
(3) One G. M. reflux valve, and
(4) One 6″ pressure gauge with pet-cock and connections complete to read up to 200 feet.

(3) *One 5 H.P. and one 10 H.P. Crude Oil Engines.*

The oil consumption should be very low and the engines must be capable of running on ordinary crude oil available in the market.

The engines should preferably be of the horizontal type and enclosed as far as possible. They are meant for stationary use and hence hopper cooling is not desirable.

The fuel consumption and other details should be furnished with the quotation.

The 5 H.P. Engine is for driving a deep well pump lifting 1,500 gallons per hour from a depth of 140′ and delivering it against a head of 20′.

The 10 H.P. Engine, will in addition to the above, drive a centrifugal pump lifting 50 gallons a minute against a head of 170′.

To

The Firms dealing in Pressed Steel Tank.

Enquiry No. 1406.

PRESSED STEEL TANK FOR CHITALDRUG WATER SUPPLY.

GENTLEMEN,

Please intimate your lowest price and earliest time of delivery f. o. r., Chitaldrug Railway Station, Mysore Railways, for a pressed steel tank or tank constructed in reinforced concrete of 2,400 gallons capacity, as per specification enclosed.

Your detailed specification for the tank with a sketch or a blue print of the same, showing the materials used, may be submitted.

It should be distinctly understood that should your quotation be accepted, you will be required to make the supply within the stipulated time and to the specifications furnished with the tender failing which the order would be subject to cancellation. In such an event, the Stores Purchase Committee reserve the right to levy a penalty of 3 per cent of the value of the order as and by way of liquidated damages in addition to debiting you with any extra cost that may be incurred in having to obtain the materials from other sources.

This enquiry will be closed on Monday the 8th July 1935.

Specification of Pressed Steel Tank of size 12′×8′×4′.

The tank should consist of pressed steel plates of 4′×4′ (12′×8′×4′) and the total capacity of the tank is 2,400 gallons.

The thickness of all the bottom plates should be $\frac{1}{4}$″ and that of the side plates being 3/16″.

The tank should be provided with $\frac{1}{8}$″ thick mild steel plate covering supported on angle iron rafters with necessray slopes for draining out all water.

A manhole cover of 21″ diameter with necessary locking arrangements should be provided for.

The tank should have suitable stays inside. A steel ladder to get into the tank from the manhole should be included with necessary fixtures.

A suitable level indicator with necessary pulleys, floats, etc., should be provided for with a prominent gauge board. The top cover should have a recess for the float to indicate the level when the tank is full.

Sufficient quantity of jointing materials, bolts and nuts with washers, etc., complete should be sent to enable the erection being done at site.

No. S. P. C. 22225-36, *dated 24th June* 1935.

To

The Firms dealing in Typewriters.

Enquiry No. 1407.

TYPEWRITERS.

GENTLEMEN,

Sealed tenders will be received by the undersigned up to the 15th July 1935, in accordance with the conditions of contract specified below for the supply of typewriters (both stationary and portable models) required by the Mysore Government Offices during the year commencing from 10th July 1935 and ending with the 30th June 1936.

(1) The quotations should hold good for one year from the date the contract is let.
(2) The Stores Purchase Committee do not bind themselves to purchase any particular make or makes of machines exclusively or any definite number of machines during the year.
(3) The prices to be paid should be for supply of the original make of machines and not factory rebuilt ones. A guarantee to that effect should be furnished in each case.
(4) The prices to be quoted should be for free delivery on rails, Bangalore and Mysore.
(5) The tenders should specify whether ready stocks of spare parts of the machines supplied are held by the tendering firms and whether they have any service agency in the Mysore State.
(6) The quotations should include the cost of baseboard, cover, and the usual accessories to be supplied with each machine which should be specified in detail by the tendering firm.

The above enquiry number should be quoted in all your correspondence.

Yours faithfully,
V. VEDAVYASACHARYA,
Secretary,
Stores Purchase Committee.

No. S. P. C. 22022-36, *dated 19th June* 1935.

NOTICE.

Enquiry No. 1404.

CRUSHED GRAM.

Quotations will be received by the Stores Purchase Committee for the supply of Crushed Horse Gram, free from dust and other impurities, to the Serum Institute, Bangalore, during the year 1935-36.

The approximate quantity required during the year is 80,000 lbs.

The price to be quoted should be per unit of 100 lbs. delivered free at the Serum Institute, Bangalore, subject to the attached conditions of contract.

Quotations should reach the undersigned on or before the 6th July 1935.

Conditions of contract for the supply of Crushed Horse Gram to the Serum Institute.

The Stores Purchase Committee do not bind themselves to accept the lowest or any tender.

2 Tenders should be for supply of only good and cleaned grain, free from all kinds of impurities and suitable for being consumed without further cleaning.

3. The quantity specified in the enquiry is only approximate. The actual quantity to be purchased will be more or less. The contract will be deemed to be limited to the quantity actually drawn on indents during the period of contract.

4. Tenderers should specify rate per 100 lbs. nett which should include all charges for free delivery at the Serum Institute, Bangalore. Samples of grain offered should also accompany the tenders in two sets.

5. The rate quoted should hold good for a period of two weeks from the date fixed for receiving the tender. Withdrawal from tender before the above period or after acceptance of the tender is communicated, due to whatever causes, will entail forfeiture of earnest money deposited in connection with the tender.

6. For the due fulfilment of the contract, the successful tenderers will be required to execute a stamped agreement within a week from the date of receipt of intimation that their tenders have been accepted and to deposit a security, an amount equal to five per cent of the value of the order failing which the earnest money referred to in the following paragraph will be forfeited to Government and the order cancelled immediately.

7. Tenderers should remit a sum of Rs. 100 as earnest money to the State Huzur Treasury with the accompanying challan form duly filled in and the fact duly noted in the tender. Any tender not complying with this condition will not be considered. Earnest moneys will be returned to parties after the tenders are disposed of in the case of unsuccessful tenderers but in respect of successful tenderers only after the requisite security deposit is furnished.

8. The contract will run for a period of one year from 15th of July 1935. Contractor whose tender is accepted should be prepared to supply the material in strict conformity to the approved sample on indents from the Superintendent of the Serum Institute, Bangalore, within the time specified in the indents. All unsatisfactory supplies will be rejected.

9. No application from the contractor for any enhancement of the prices accepted by the Committee, due to whatsoever causes, will be entertained during the period of contract.

10. Should the contractors fail to comply with any of the conditions detailed above, the contract will forthwith be cancelled and the security deposit forfeited to Government. The contractors will further be bound to make good to Government any loss which may arise from their failure to supply the articles contracted for or by Government having to purchase the articles specified in the contract in the local market at higher rates than those contracted for.

11. The Stores Purchase Committee may at their discretion and within the limits of the approved rate determine the relative price of any articles that may not, in their opinion, be found up to the standard of quality required, but accepted by the indenting officer on ground of urgency or other causes.

12. Should any question arise respecting the quality of the materials supplied or the manner of performance of the contract, the contractors should agree to abide by the decision of the Stores Purchase Committee.

13. Tenders should be sent in sealed covers superscribed "Tender for the supply of food grains to the Serum Institute" and delivered before 5 P.M. on 6th of July 1935, addressed to the Secretary, Stores Purchase Committe, Bangalore.

By Order,
V. VEDAVYASACHARYA,
Secretary,
Stores Purchase Committee.
